

HOW TO ZOOM

As we continue to adapt to our new reality of physical distancing, we are happy to bring live, online classes to our members through Zoom, a virtual meeting site. The information below will help you set up Zoom on your computer or mobile device so that you will be ready to participate:

- If using Zoom on a desktop or laptop, type the following into your web browser and create a free account: <https://zoom.us/>
- If using a mobile device for the classes (Android or iPhone, iPad, etc.), you will need to download the Zoom Cloud Meetings app on the device and then create a free account.
- Visit "Getting Started with Zoom" and "Join a Meeting" for more information: https://support.zoom.us/hc/en-us/articles/206175806#h_12512067-340a-4ca9-8d5b-f52a7ed016fb
- If you've never used zoom, or want to verify that everything is set up properly, we recommend that you [join a test meeting](#).
- Each class that we offer will have a meeting ID and password that you will enter after logging into Zoom. We will provide that information to you prior to class.
- After you have joined a meeting, you will have the option to mute your microphone and connect or disconnect your video. Be sure to open the Zoom screen to full screen so that you can see all your options. Once you are in a class, you will be able to see the instructor and other participants.
- For more guidance, Zoom offers free Live Training Webinars: <https://support.zoom.us/hc/en-us/articles/360029527911>
